DETAILED ACTION

Response to Amendment

1. This action is in response to the communication filed on September 27, 2006.
2. Claims 1-31 are pending in this action. Claims 1, 12, 16, 19, 23 and 25 have been amended. Claim 31 has been newly added.
3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Scott Brim (Reg. No. 51,500) on December 5, 2006.

The application has been amended as follows:

IN THE CLAIMS:

Please cancel claim 31.

Allowable Subject Matter

4. Claims 1-30 are allowed over the prior art of record.
5. The following is an examiner's statement of reasons for allowance:

The applicant teaches a method for aural review of a privacy policy in a wireless environment, the wireless environment comprising a mobile station having at least one

user preference and a web site. The applicant's arguments are persuasive to the examiner. The applicant argues that prior art of record fails to teach retrieving a natural language version of the privacy policy from a network location based on a first version of the privacy policy and at least one user preference. The prior art of record fails to teach or fairly suggest the claimed combinations of features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
